**MEMORANDUM FOR:**  Chairman, Clandestine  
Services Special Panel

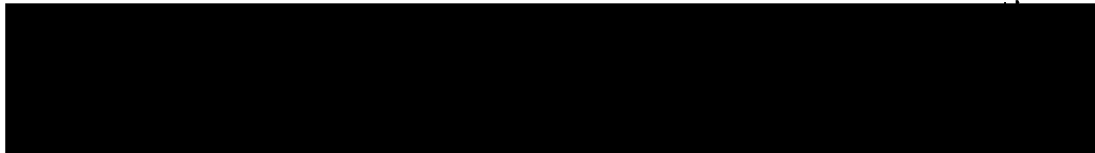

**SUBJECT:** : Clandestine Services Notice - "Operational  
Suggestions"

1. We think that the Clandestine Services Notice (TAB A) that you distributed at the March Special Panel Meeting will most adequately convey the message as to operational suggestion program objectives.

2. Our only thoughts, as we look at the notice again, are for a few minor deletions if you wish to reduce the length of a few sentences. In addition, we would like to mention the following possible deletions for your consideration:

a. The phrase "sincerely and urgently" in paragraph 2 of the notice was a term that I believe we originated. It now seems to appear too strong. I think the word "especially" would suffice.

25X1C

3. TAB B illustrates the minor changes we think possible. TAB C represents a revised "clean copy."

4. For your consideration. We are sure this notice will spark a lot of interest. Shortly, we will send you a comparative record of the volume of Special Panel suggestions for the past nine (9) months in comparison with the period for the previous year.
